

COMMODORE

Non-Butyl Multi-Purpose Detergent

Form: Liquid

Color: Clear to Slightly Hazy, Pink

Odor: Slight Detergent

pH: 12.25-13.25

Solubility (in water): Soluble
(in mineral spirits): Insoluble

VOC Content (% by weight): N/D

Flash Point (ASTM D-7821): N/A

Specific Gravity: 1.04 ± 0.01 g/cm³

Density: 8.68 ± 0.05 lbs/gal

Storage Stability (at 70°F): 1 year

<u>Ingredients</u>	<u>C.A.S. #</u>
Water.....	7732-18-5
Sodium Metasilicate	6834-92-0
Sodium Tripolyphosphate.....	7758-29-4
Poly (oxyethylene) Nonylphenol.....	9016-45-9
Phosphate Ester.....	68130-47-2

- | Use as... | |
|-----------|---------------------------------------|
| • | High Pressure Washer Cleaner |
| • | Black Scuff Remover |
| • | Vinyl Cleaner |
| • | Floor/Wall Cleaner |
| • | Kitchen Degreaser |
| • | Whitewall Tire Cleaner |
| • | Rubber/Plastic/Formica Cleaner |
| • | Painted Surfaces/Metal Cleaner |

DIRECTIONS: For normal cleaning, dilute one part of COMMODORE with 20 to 25 parts of warm water. Spray, wipe, or sponge cleaning solution onto surfaces to be cleaned. Allow several minutes to penetrate grease, dirt and accumulations then rinse thoroughly with clean water. Tough soil deposits may require a second application with light scrubbing to insure complete removal.

For heavy duty cleaning (i.e. cleaning whitewall tires, air filters, greasy floors, flues, etc.), apply COMMODORE full strength and allow to set for 10 to 20 minutes. For hot tank cleaning, allow parts to soak for approximately 30 minutes at 140°F; rinse with water. Severely soiled parts may require scrubbing with a brush.
