

# DYNASTY DRAIN MAGIC

## Drain Opener / Maintainer

**Form:** Thick Liquid

**Color:** Green

**Odor:** Citrus

**pH:** 6.50 - 7.50

**Solubility (in water):** Emulsifies  
**(in mineral spirits):** Insoluble

**Viscosity (CPS at 70°F):** >40

**Flash Point (ASTM D-7821):** None

**Specific Gravity:** 8.60 ± 0.05 lbs/gal

**Density:** 1.03 ± 0.05 g/cm<sup>3</sup>

**Storage Stability (at 70°F):** 1 year

- **Safer to use than acid- or caustic-based drain openers.**
- **Contains 100 million bacteria colonies per gram.**
- **Thick formula easily travels through water to the source of the clog.**
- **Contains protease, amylase, and lipase enzymes.**

<u>Ingredients</u>	<u>C.A.S. #</u>
Water.....	7732-18-5
Propylene Glycol.....	57-55-6
Genes Bacillus.....	68038-68-6
Acrylic Copolymer .....	No CAS Number
Poly (oxyethylene) Nonylphenol .....	9016-45-9

**TO REMOVE DRAIN BLOCKAGES:** Pour 2 ounces of DYNASTY DRAIN MAGIC into clogged drain. Its thickened formula will carry this unique product directly to the site of the stoppage. Allow drain to set undisturbed for at least 6 hours, preferably overnight. Flush drain with hot water for several minutes to loosen clog and restore normal drain flow. If flow is not completely restored, repeat.

**FOR DRAIN MAINTENANCE:** Most drain clogs result from the accumulation of food materials on the inside of drain surfaces. Regular use of DYNASTY DRAIN MAGIC establishes an active bacterial population that continuously works to keep this accumulation from occurring. Adding 1 ounce of DYNASTY DRAIN MAGIC to drains once a week and allowing it to work overnight ensures that drains remain open. For drains that receive large amounts of organic matter (kitchens and garbage disposals), increase the dosage to 2 or 3 ounces once per week.
