DANGER:

May be corrosive to metals. Causes severe skin burns and eye damage. Suspected of causing cancer. May cause damage to organs through prolonged or repeated exposure.

PREVENTION:

Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Keep only in original container. Do not breathe mist, spray. Wash thoroughly after handling. Wear eye protection, protective clothing, protective gloves. Wash contaminated clothing before reuse.

IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.

IF ON SKIN (OR HAIR): Take off immediately all contaminated clothing. Rinse skin with water/shower.

IF INHALED: Remove person to fresh air and keep comfortable for breathing.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

If exposed or concerned: Get medical advice/attention. Immediately call a doctor, a POISON CENTER. Get medical advice/attention if you feel unwell.

Absorb spillage to prevent material damage.

Store locked up. Store in corrosive resistant container with a resistant inner liner.

Dispose of contents/container to comply with local/regional/national/international regulations.

COIL CLEANER & DEGREASER is designed to remove grease, dirt, dust and oil film from heating/air conditioning coils, cooling coils, fans, screens, vents and metal filters. It will not harm or corrode aluminum, copper or other soft metals and contains no acids.

DIRECTIONS:

For coils and heat exchange units where no condensation occurs: Spray a 4 to 1 solution of **COIL CLEANER & DEGREASER** on the coils, etc. Allow it to stand for a few minutes. Rinse with water.

For coils, tubes, and fins where condensation occurs: Dilute 1 part of **COIL CLEANER & DEGREASER** with 4 parts water. Spray solution on coils or other areas to be cleaned. Turn the unit on or spray while the unit is already on. The **COIL CLEANER & DEGREASER** solution will lift the dirt, tar and lint from sprayed areas and suspend it in the non-drying solution. Then as the unit creates condensation, this solution, along with the dirt suspended in it, will be washed from the coils into the pan and down the drain.

NFPA* RATINGS

Health: 2; Flammability: 1; Reactivity: 0

INGREDIENTS/CAS #:

Water (7732-18-5); 2-butoxyethanol (111-76-2); Sodium Tripolyphosphate (7758-29-4); Potassium Hydroxide (1310-58-3); Sodium Metasilicate (6834-92-0); Cocoamide (8051-30-7).
