

SHARE MAGIC

Stain Erasing Sponge Cleaner

Form: Sponge like solid

Color: White

Odor: None

pH: N/A

Solubility (in water): N/A
(in mineral spirits): N/A

Flash Point (ASTM D-7821): N/A

VOC Content (% by weight): None

Specific Gravity: N/A

Density: N/A

Excellent for use on...

- **Painted Walls**
- **Wall Paper**
- **Floors**
- **Countertops**
- **Desks / Chairs**
- **Lockers**
- **Dry Erase Boards**
- **Any Water Washable Surface**

DIRECTIONS: Wet the SHARE MAGIC sponge completely then gently squeeze out excess water. DO NOT wring out sponge. This will hasten the breakdown process and shorten sponge life. Scrub surface to be cleaned with appropriate pressure until stain is removed. Finish by wiping area down to remove any dampness and residue. Rinse the SHARE MAGIC sponge with clean water and remove excess water by gently squeezing. The sponge is ready to clean another surface. When done with the sponge rinse, squeeze dry and store. Disposal of the sponge is not necessary until both white melamine cleaning surfaces are gone.
