

# FIRE ESCAPE

## ODOR CONTROL

- Eliminates smoke and after-fire odors quickly.
- Freshens cigarette and cigar odors in vehicles and rooms.
- Treats up to 10,000 cubic feet areas.
- Penetrates cracks, crevasses and porous materials to eliminate odors.
- No need for fogging machines or electric power.
- Safe on all surfaces.

### DANGER:

**EXTREMELY FLAMMABLE AEROSOL. CAUSES SERIOUS EYE IRRITATION. MAY CAUSE DROWSINESS OR DIZZINESS. CONTENTS UNDER PRESSURE.**

Read carefully other cautions on side panel.

**KEEP OUT OF REACH OF CHILDREN.**

NET WEIGHT: 5 Oz./ 142g.

**DANGER:** Extremely flammable aerosol. Causes serious eye irritation. May cause drowsiness or dizziness.

**PREVENTION:** Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F. Do not spray on an open flame or other ignition source. Avoid breathing dust/fume/gas/mist/vapours/spray. Wash hands thoroughly after handling. Use only outdoors or in a well-ventilated area.

### RESPONSE:

**IF INHALED:** Move to fresh air. Call a Poison Centre or doctor if you feel unwell.

**IF ON SKIN:** Wash gently and thoroughly with lukewarm, gently flowing water and mild soap for 5 minutes. If skin irritation occurs, get medical advice or attention.

**IF IN EYES:** Immediately rinse the contaminated eye(s) with lukewarm, gently flowing water for 15-20 minutes, while holding the eyelid(s) open. Remove contact lenses, if present and easy to do. If eye irritation persists, get medical advice or attention.

**IF SWALLOWED:** Rinse mouth with water. Call a Poison Centre or doctor if you feel unwell.

**STORAGE/DISPOSAL:** Store in a well-ventilated place. Keep container tightly closed. Dispose of contents and container in accordance with local, regional, national and international regulations.

### DIRECTIONS FOR USE:

Use **FIRE ESCAPE** Odor Control to kill cigarette and cigar smoking odors as well as after-fire odors. Use one can for every 10,000 cubic feet of room space. Remove all debris and furnishings that are to be discarded before beginning treatment. Close windows, doors and vents. In automobiles, turn on heating or air-conditioning fans. Place the can in a central location or pointed directly at the burned area, on top of a protective sheet or tray. Remove the cap and firmly press the button to lock down. This will start the fogging action. Vacate the area. Be sure to close the exit door or window as you leave. Allow the aerosol to dispense entire contents. At 75°F, the aerosol fogger should discharge for about five minutes. The time will be less in higher temperatures, longer in lower temperatures. **WARNING:** This product is highly concentrated. Do not over use. Keep the area closed for one hour and then open to allow ventilation. Repeat if necessary.

### INGREDIENTS/CAS#:

Acetone (67-64-1); Propane (74-98-6); n-Butane (106-97-8); Fragrance (NA).
