**ARMOR GUARD** is a high gloss protectant that cleans, preserves, and protects a variety of surfaces. Ultra violet rays and oxidation can damage rubber, vinyl, leather, fiberglass and plastics causing these soft materials to fade, harden, and often times crack.

**ARMOR GUARD**'s exclusive formula penetrates surfaces to condition them, while optical brighteners restore the appearance to a "brand new" look.

### **DIRECTIONS FOR USE:**

Surfaces to be treated should first be wiped down to remove excess dust and any heavy soils. Surfaces should also be completely dry. Spray **ARMOR GUARD** evenly on the clean, dry surface. Using a clean cloth, spread **ARMOR GUARD** over the entire surface to be treated. Allow the product to penetrate the surface for a few minutes. Turn the clean cloth over and buff off any excess product.

### **INGREDIENTS/CAS#:**

Water (7732-18-5); Polydimethylsiloxane (63148-62-9); Butane (106-97-8); Propane (74-98-6); Mineral oil (8042-47-5)

### **NFPA® RATINGS:**
